Subject: Microsoft Settlement

Dear Sir/Madam ---

I am writing to let you know that I think the proposed Microsoft settlement is a BAD idea. This proposed settlement is no more than a token punishment for Microsoft!

Please do NOT allow this monopolist to continue their predatory practices. It is important that the software industry be allowed to be creative and innovative, without fear that the 800 pound gorilla (IE. Microsoft) will squish them into non-existence!

I believe that Judge Penfield's findings are correct, and that anything less than the strongest possible penalty allowed by law, will be meaningless to Microsoft.

Thank you for time in this matter,

Andrew Whitcroft
